

Independent Medical Exams (IME)

Michael A. Steingart, D.O. FAADEP**

Orthopedic Surgeon, Board Certified

****Fellow of the American Academy of Disability and Impairment Physicians****

Steingart Orthopedics provides highly detailed Independent Medical Evaluations to include: review of case records, films, outside consultations, discs, and any other information deemed pertinent. The medical exams are designed to support case managers and attorneys. Dr. Steingart's scope of practice includes, but is not limited to, spine, shoulder, arms, wrists, hands, hips, knees, ankles, as well as muscular, nerve, and bone and joint systems.

This office employs a staff that has expertise in orthopedic medicine. Dr. Steingart has 25+ years of experience. Appointments are made in a timely manner and reports are submitted promptly and accurately. All reports are on office letterhead and, when requested, can be submitted directly to an attorney or case manager. Each report will contain a comprehensive objective exam, a diagnosis relative to the office specialty and, when relevant, a detailed file review. Reports are tailored to each patient's medical issue at hand rather than a generic form. Dr. Steingart provides continued professional support to all patients, attorneys, and case managers. He is also available for deposition and trial testimony.
